

THE TELEVISION MOTION PICTURE CAR CLUB

THE ENTERTAINMENT INDUSTRY CAR CLUB **TMPCC.ORG**

Founded at CBS Television City in 2009, the Television Motion Picture Car Club (TMPCC) is the world's only car club for those in the television, motion picture, music, radio, sports and motorsports industries.

TMPCC is the only car club of its kind, an organization where those in the entertainment industry can get together, connect with old friends, make new ones and share their passion for the automobile.

The club has grown to include members from almost every major television network and motion picture studio. We have been fortunate to become one of the most unique and publicized car clubs in the world, garnering press, radio and television coverage worldwide (a small sample is shown in the montage below).

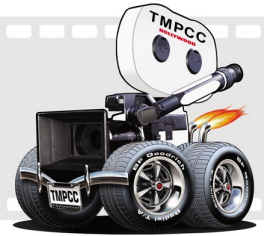

We host private "Members Only" events and we also attend many public events each year. Our private event dates are only known to members, which protects our more recognized members from gawkers, stalkers and the paparazzi. Members also receive discounts on products and services from a variety of companies.

Since the club was founded at CBS, those in the CBS family receive a special 50% discount off your first years dues. That means first time members can join for only \$25. To take advantage of this very special offer, fill out the application below and send it in.
